Standard / Black Coated / Geomet Coated /
Premium Brake Disc

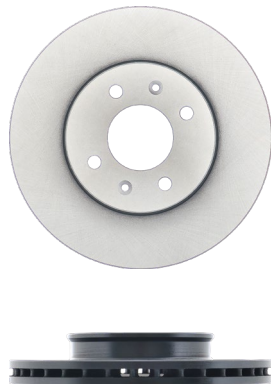

TYPES OF BRAKE DISCS : STANDARD, COATING PREMIUM

Standard Brake Discs

- Material: Cast iron
- Excellent vibration absorption
- Outstanding ventilation
- Resistant to drastic thermal cracking and deformation
- Precise tolerance

Black Coated Brake Discs

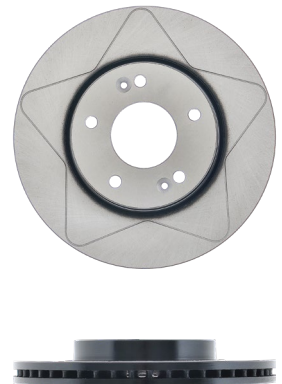

- Material: Cast iron
- Anti-corrosion and anti-rust
- Excellent resistance to water, salt, and other corrosive elements
- Long lasting clean and good appearance

Geomet Coated Brake Discs

- Material: Cast iron
- Eco-friendly coating materials
- Anti-corrosion and anti-rust
- Excellent resistance to water, salt, and other corrosive elements
- Long lasting clean and good appearance
- No cleaning necessity before installation

Premium Brake Discs

- Material: Cast iron
- Shape on the surface allows getting stronger braking power
- Less dust accumulation
- Cooler operating temperatures
- Efficient ventilation
- Unique wear indicator

TYPES OF BRAKE DISCS : BENEFITS VEHICLE COVERAGE

Standard Brake Discs

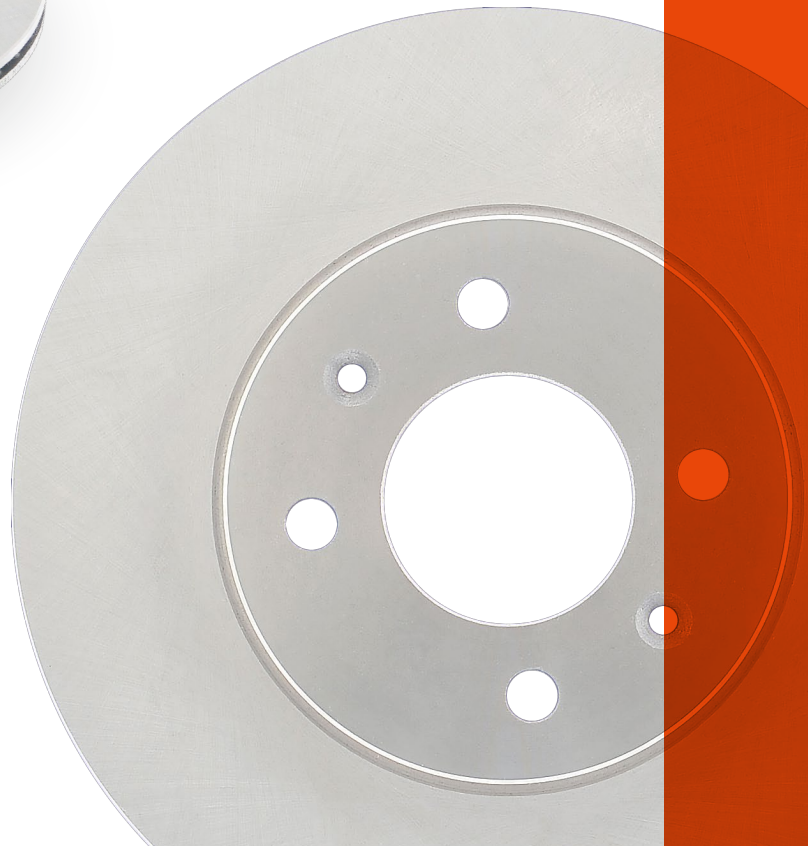

Benefits

- Material: Cast iron
- Excellent vibration absorption
- Outstanding ventilation
- Resistant to drastic thermal cracking and deformation

QUALITY PRODUCTION PERFORMANCE CERTIFICATE

Solid production systems and automated production lines

PHC brake discs are produced under stable and robust production systems such as process control systems, reliable press lines, and automated production lines. With the application of precise coating techniques and automatic coating lines, the PHC brake discs obtain high performance, longevity, and stability.

Development

PHC strives to develop new items to quickly respond to market trends and demands. PHC is committed to innovation, developing over 100 items every year.

Certificate

IATF16949, ISO9001, QS9000, VDA6.1, ISO14001, OHSAS18001

PACKAGING QUALITY ASSURANCE SERVICES

Packaging

Protective & Solid

Applicable to all sizes of brake discs

PHC brake disc is packed in a plastic cover, packaging box, and solid cardboard box. These three layers of protection prevent any damages during transportation. Also, the improved packaging is suitable for covering all sizes of brake discs.

Quality Assurance

Highly ensured product reliability and quality

With an extensive and stringent quality control system, PHC products are free from any types of defects in materials and workmanship. Also, PHC is striving for customer satisfaction and ready for customer requests.

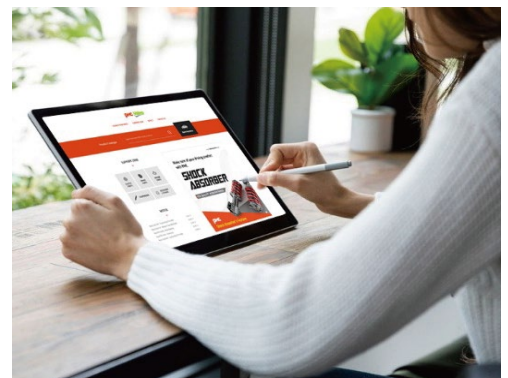

Customer Service

Delivery

PHC is always punctual on delivery dates and accurate in delivering the right items. Controlling over 40 product lines proves a highly organized logistics system. Find more items via our web page, 'www.koreavaleo.com'.

Quotation & Find the right parts

We are always ready for a quick response. Please visit the PHC web page or web catalog for more information.
